A bar chart showing the coefficient of standard deviation (csd) for different values of C_p (1 to 21). The y-axis is labeled 'csd' and ranges from 0.00000 to 0.00020. The x-axis is labeled ' C_p '. The bars are orange with black outlines. The height of the bars increases slightly with C_p , and the error bars (dashed lines) also increase in length.
