A bar chart showing the coefficient of standard deviation (csd) for different values of C_p (1 to 21). The y-axis is labeled 'csd' and ranges from 0.0000 to 0.0015. The x-axis is labeled ' C_p ' and ranges from 1 to 21. The bars are orange with black outlines. The height of the bars decreases as C_p increases. Each bar has a black horizontal line at approximately 0.0003. Dashed vertical lines extend from the top of each bar to the top of the plot area.
